The Ultimate Solution for Detox & Shedding Mitigation
"The Healing Water" Reclaim your vitality and protect your body
from environmental stressors

1. The Origin Story

1. This product was born from real-world crises. Two professional women—a detox salon owner and a yoga instructor—were forced to close their businesses due to severe physical symptoms (high fever, skin inflammation) caused by "shedding" from vaccinated individuals. The developer experienced similar symptoms and created this water based on a "message" received in July to help those suffering.

2. What is "Shedding"?

It refers to the phenomenon where non-vaccinated individuals experience adverse health effects by being near or in contact with those who have received the mRNA vaccine.

Common Symptoms:

- **Respiratory:** Coughing, chest pressure
- **Cardiovascular:** Palpitations, irregular heartbeat
- **Skin/General:** Fever, eczema, chronic fatigue, headaches

3. Key Benefits

- * Accelerates the detox of heavy metals and chemical substances.
- * Mitigates the influence of spike proteins and graphene oxide.
- * Enhances the effectiveness of the "Super-Foot-Cleaner" detox machine.
