

The Ultimate Tool to Build a Thriving, High-Demand Clinic.

HEAT-TECH PRO

Super Relaxation Heater

Feel the Heat Deep in Your Core
— An Unforgettable Experience

Total Body Relaxation in Just 15 Minutes!

"Highly Acclaimed by the Pros: The Gold Standard in Beauty & Wellness."

**Over 5,000 successful demonstrations
with instant feedback.**

Key Features & Technology

- **Instant Core Warming:**
Patented technology delivers high-temperature heat deep into the body's core in a remarkably short time.
- **Proven Effectiveness:**
Over 5,000 demo participants experienced immediate relief and physical openness.
- **Self-Care Capable:**
Designed for both professional treatment and easy, independent use at home with our specialized manual.

Relieve Chronic Pain and Fatigue

Stiff Neck, Shoulders,
and Back

Lower Back and Knee Pain
Chronic Fatigue and Exhaustion
Poor Circulation and Edema

Success Stories from Satisfied Professionals

- **Higher Average Sales per Customer**
The unit price per customer has increased compared to previous levels.
- **Significant Increase in Customer Retention**
As a direct result of improved customer satisfaction, the ratio of repeat clients has grown substantially.
- **Organic New Customer Growth via Referrals**
Loyal customers are naturally bringing their friends and family. This creates a "self-expanding" client base where the device itself facilitates new customer acquisition

Advanced Technology

- **Dual-Mineral Ceramic Plate:** Combines Radium ore (Hormesis effect) and Pegmatite (Far-infrared effect) to penetrate heat deep into the tissue.
- **Negative Ion Boost:** The specialized "Far-Infrared Negative Ion Sheet" generates up to 70,000 ions/cc to promote blood flow and balance the autonomic nervous system.
- **EMF Protection:** Built-in ceramic shielding eliminates harmful electromagnetic wave damage, ensuring a safe and healing environment.

Business Advantages for Professionals

Boost Your Clinic's Revenue and Customer Loyalty

- **Higher Unit Price:** Add premium thermal therapy to your existing services.
- **Increased Retention:** High customer satisfaction leads to a dramatic rise in repeat clients.
- **Referral Engine:** Happy clients naturally bring friends and family, acting as a powerful tool for new customer acquisition.

Scientific Evidence: 60% Improvement in Vitality

- **Measurable Results:** Wave measurement data showed a 60% overall improvement in biological functions after just 30 minutes of use.

Core Function Boosts:

- **Self-healing Power:** Improved from +9 to +11.
- **Blood Circulation:** Improved from +5 to +8.
- **Stress Relief & Fatigue Recovery:** Notable improvements in both mental and physical indicators.
- **Detoxification Support:** Helps normalize metabolism, making it the perfect partner for detox treatments by helping the body process harmful heavy metals and chemicals.

Trusted by Clinical Professionals "Heat-tech PRO is one of the most complete thermal therapy tools I have ever used in a clinical setting. It has become an essential part of our daily treatments for delivering deep-tissue heat effectively and safely."

— Shuji Kobukata, Licensed Acupuncturist & Product Advisor

The Professional Advantage: 2-Unit Set * Maximize Results: **Using two units simultaneously significantly enhances the client's sensory experience and shortens treatment time.**

* Expand Your Menu: Includes a specialized "Thermal Facial Esthetics" manual to help you launch high-value facial treatments immediately. * Business Growth: Designed to increase customer retention and attract new clients through organic word-of-mouth.
